OFFICERS ASSIGNED TO TROOP QUARTERS

NEW YORK, July 5.—Receiving orders from France to return on the Leviathan, which arrived here today, 2,418 naval officers were surprised to find that they had been assigned to troops' quarters instead of first class accommodations, as prescribed by army regulations, and would have to eat their meals standing up like enlisted men.

Carabinieri fired upon crowds here today. Disorders are increasing and the ransacking of shops is widespread. One dead and 20 injured was the total of the rioting today.

Strengthened by 1,000 men, the crowd abandoned itself to the general sacking of all shops without distinction, destroying what it is unable to carry away. One entire street is flooded with petroleum, gasoline, wine, beer and olive oil.

Large quantities of supplies are being turned over to the municipality in the Piazza Signori, the chief square of the city.

BOLOGNA, Friday, July 4.—Standard meals at fixed prices have been imposed on restaurants here as a result of the food riots. The prices set range from \$1 cents to \$1 for a meal, according to the class of the restaurants.

PALERMO, Friday, July 4.—Thirty-one of the principal fish merchants were arrested here today charged as "starvers of the people." The arrests were made after the merchants were denounced by the police.

CONGRESS ACTS SOON ON MILITARY POLICY

WASHINGTON, July 5.—The question of a permanent military policy probably will be forced before the present session of Congress by Secretary Baker's order reducing the army to 233,000 officers and men by September 30. Military experts believe only speedy passage of the army reorganization bill will prevent demobilization of the military establishments.
